- ▣ Wide variety of hardware & colour options to suit any style
- ▣ Elegant opening and closing operation
- ▣ U-values as low as 1.1 for triple glazing
- ▣ Elegant opening and closing operation
- ▣ Compliant with PAS24:2022 standards

Aluminium French doors provide an exceptional access solution for spaces with limited room, seamlessly integrating modern glazing. They are perfect for properties that require access from multiple points, making them ideal entryways for the rear of a home.

Featuring the elegant design of the Signature bifold system, these doors can be tailored with a wide range of hardware and color options to match any home style. You can enhance their appearance with astragal bars or fixed transoms for a classic heritage look, or opt for glass blinds to ensure added privacy.

The Signature French range is a favoured choice among homeowners due to its easy installation and smooth operation. These doors are a simple yet effective solution for entranceways, allowing for increased natural light and a sleek, modern aesthetic.

# Lever Lever Locks

Transform your doors into a statement of elegance with our PAS24 accredited lever lever lock system! This premium locking solution not only enhances security but also delivers a luxurious and symmetrical finish to your fabricated and installed doors—making them truly unforgettable.

Imagine the sleek lines of our ultra-slim sash, perfectly complemented by the sophisticated uniform mirrored look of dual handles. Say farewell to the outdated lever and opposing slave door handles; this innovative upgrade to lever lever requires no additional profiles or gaskets, ensuring a seamless transition that elevates your design effortlessly.

We've taken our highly acclaimed universal keep and revolutionized it by integrating a shootbolt locking function—all within a single lock and keep. This means you get a visually stunning option with the slimmest sightline available for French doors. Plus, with its rapid fabrication process and attractive pricing, the lever lever system is not just an upgrade; it's a game changer for your installations.

By choosing our lever lever lock system, you're not only investing in exceptional quality and style but also positioning yourself to meet growing customer demand. Don't miss out on this luxurious addition to the Signature family—elevate your offerings and watch your business thrive!

Leveraging Luxury for Long Lasting Locked in sales!

Modern

Durable

Reliable

Luxury marine-grade aluminum French & Glazed doors crafted to a high standard, offering unmatched strength and durability.

They are thermally efficient, safe, and secure, all while maintaining SIGNATURE's sleek and modern aesthetic.

# Glazed Systems

The Signature glazed door is the ideal solution for smaller spaces that need a boost of natural light. When patio or bifolding options aren't feasible, this single door floods your room with sunshine, transforming it into a bright and inviting living area, thanks to its expansive glazed panel.

Opt for fully glazed to maximize light intake, or select satin glass for enhanced privacy. Additionally, aluminium panels are available for entrance door applications.

Crafted using the versatile Signature bifold system, this single door offers effortless operation. With a variety of glazing options and color choices, you can easily find the perfect match for your home with the Signature glazed door.

- Designed for both internal and external access
- Wide variety of hardware & colour options to suit any style
- PAS24:2022 certified

# Hardware

The ultimate security kit for  
**SIGNATURE French & Single Doors**  
GRIP, SECURE, AND LOCK

The hardware security kit features a standard euro profile cylinder, with the option to upgrade to the Ultion 3-star barrel. It includes the Brisant Sweet Handle and a specially designed Duplex Double-Hook Lock, delivering a robust 6-point locking system for enhanced security.

## THE SWEET HANDLES

Safe, Stylish & Durable

Ultion Sweet Handles are a favored upgrade thanks to their remarkable durability, making them an essential part of the ultimate security kit. These beautiful handles provide exceptional security and are designed to thwart gripping tools intended to snap off handles during break-ins.

Featuring multiple layers of brass and nickel for superior performance, they come with a 10-year anti-corrosion guarantee for your peace of mind.

Available in a variety of colors, including black, white, grey, chrome, stainless steel, gold, and rose gold.

## STAINLESS STEEL HANDLE

316 Marine Grade Stainless Steel

The stainless steel handle upgrade has been expertly crafted for superior performance and durability, making it one of the highest quality door handles available on the market.

This handle is constructed from 316 marine grade stainless steel, which is a step above the industry-standard 304, providing exceptional long-term resistance to corrosion.

# Thresholds

### Standard Threshold

A 55mm threshold that serves as a complete weather break.

### Low Threshold

A 20mm threshold designed for a sleek and seamless appearance.

### Low Threshold with Rebate

A 20mm rebate integrated into a low threshold for added functionality.

### Low Threshold with Ramps

Perfect for homes requiring enhanced accessibility.

### Integrated Cill

Offers a full weather rating while maximizing the overall sash height.

### Universal Aluminium Cills

Compatible with most systems, these cills direct water away from brickwork and are available in sizes of 90mm, 150mm, 190mm, and 230mm.

# Colours

Our SIGNATURE French & Glazed products can be customised in any RAL colour upon request.

We also have standard colours available in stock, including Grey 7016 (Matte), Black (Matte), White 9016 (Gloss), Grey 7016 (Matte) on White 9016 (Gloss), and Black 9005 (Matte) on White 9016 (Gloss).
